Emergency & Incident Management

- Extreme Weather Response

Equipment Service, Repair, Inventory & Warranty Enforcement

- Parts, Tooling & Supplies

Aerial Testing & Inspection

Robust Reporting

Rigorous Environmental Health & Safety Procedures

Environmental Management

Remote Operations

With one of the industry's largest Remote Operations Centers, a 10,000 ft² facility that can house 70 personnel and support 500 field technicians, we back our service with world-class data monitoring, an integrated software suite, and industry-proven expertise.

Featured Project

Aktina Solar

Wharton County, TX — 625 MW_{DC}

The 625 MW_{dc} / 500 MW_{ac} Aktina Solar project in Wharton County, Texas is the first solar asset for Tokyo Gas America in the U.S. Located near the Houston load center, Aktina is slated to be brought online in blocks starting in mid-2021 and will deliver power to the Electric Reliability Council of Texas (ERCOT). The solar farm spans 4,000 acres, utilizing approximately 1.4 million solar modules.
